AI Engineer with 1 years of experience building Agentic AI systems, LLM applications, and multimodal AI solutions using Python, TensorFlow, Docker, and Django. Worked with NVIDIA Nemotron, RAG pipelines, healthcare AI, and deployment of AI applications.

PROFESSIONAL EXPERIENCE

AI Engineer | Jul 2025 - Present

CareCloud (MTBC)

- Developed multimodal AI systems for emotion detection, call evaluation, and voice-enabled PHR, achieving 85%+ accuracy on 5+ datasets and 1,000+ real-world inputs.
- Built and deployed LLM and speech-based AI solutions with Django and Next.js, cutting manual data entry by 40% while maintaining 90%+ term extraction accuracy.

EDUCATION

National University of Sciences and Technology | Nov 2021 - May 2025

Bachelor of Engineering in Software Engineering

CGPA: 3.28

AWARDS & ACHIEVEMENTS

- Bronze Medal** – ISIC Skin Cancer Detection, Kaggle
- RSNA Lumbar Spine Detection** – Kaggle (**Global Rank: 257**)
- ARC Prize** – AGI Benchmark (**Global Rank: 689**)

PROJECTS

- Multimodal Emotion Detection:** Designed and trained a multi-domain emotion recognition system combining CNN + BiLSTM, ViT, GRU, and wav2vec2 models, achieving an F1-score of 70%+ on text, video, and audio inputs across 5 benchmark public datasets.
- MedSpeak AI:** Developed a Next.js web application delivering real-time Speech-to-Text (SST), multilingual AI translation, and LLM-driven medical assistance. Processed 1,000+ test inputs with over 90% accuracy for medical term extraction.
- AI-Powered Call Quality Evaluation Agent:** Built a multimodal system using fine-tuned Wav2Vec2-XLSR-53 and Gemini for sentiment analysis, achieving 85% accuracy across labeled call performance metrics and improving automated quality assessment efficiency.

TECHNICAL SKILLS

- Programming & Development:** Python, Django, Next.js, REST APIs.
- AI & ML Technologies:** PyTorch, TensorFlow, Whisper, Scikit-learn, OpenCV, Qiskit, LLMs, RAG pipelines.
- Soft Skills:** Strong problem-solving ability, effective communication, teamwork, adaptability.

COURSE WORK AND CERTIFICATIONS

- Harvard CS50P: Introduction to Programming with Python
- Harvard CS50AI: Introduction to Artificial Intelligence with Python
